Conformity assessment according to module D – conformity to type based on quality assurance of the production process based on MID and NAWID directives

I MODULE D - conformity to type based on quality assurance of the production process based on MID and NAWI directives

Conformity to type based on quality assurance of the production process is the part of a conformity assessment procedure whereby the manufacturer fulfils the obligations laid down in directive, and ensures and declares on his sole responsibility that the measuring instruments concerned are in conformity with the type described in the EU-type examination certificate and satisfy the requirements of this directive that apply to them.

The manufacturer shall operate an approved quality system for production, final product inspection and testing of the measuring instruments concerned and shall be subject to surveillance by notified body.

II The scope of notification - Module D

The scope of notification of NB 1440 to carry out the conformity assessment according to *module D – conformity to type based on quality assurance of the production process* under MID and NAWI directives covers the following measuring instruments.

THE SCOPE OF NOTIFICATION - module D	
Directive 2014/31/EU (NAWI)	NON-AUTOMATIC WEIGHING INSTRUMENTS
MI-001	WATER METERS
MI-002	VOLUME CONVERSION DEVICES (gas meters)
MI-003	ACTIVE ELECTRICAL ENERGY METERS
MI-004	THERMAL ENERGY METERS
Directive 2014/32/EU (MID)	MI-005 MEASURING SYSTEMS FOR LIQUIDS OTHER THAN WATER

III Certification program

GUM - NB 1440 performs conformity assessment procedure within the module D based on the applicable [Certification Program](#). The aim of the document is to provide certification requirements and rules of the quality system of production, control of products manufactured and testing of the measuring instrument according to the applicable ISO/IEC standard. The program covers the principles of quality system certification for the manufacturing process of products according to the scope of the notification.

IV Certification scheme

MODULE D - Certification scheme NB 1440

V Fees

The amount of fees associated with carrying out conformity assessment (according to module D - conformity to type based on quality assurance of the production process) based on MID and NAWID directives is determined using the principles set out in the document [„WYTYCZNE JN 1440 DO OBLICZANIA I POBIERANIA OPŁAT ZA PROWADZENIE OCENY ZGODNOŚCI WEDŁUG MODUŁU D”](#).
