[NAWI certificates issued by JN 1440](#)

The Calibration and Measurement Capabilities of GUM are available to check at [Key and Supplementary Comparisons Database on BIPM website](#) which is the list of Calibration and Measurement Capabilities of all NMI's.

Database of MID certificates issued by Polish Notified Bodies

Certificates issued on the basis of Directive 2014/32/EU - Measuring Instruments Directive and Directive 2004/22/EC - Measuring Instruments Directive (MID).

The database contains certificates issued by the Central Office of Measures - Notified Body number 1440 and certificates issued by the Polish Notified Bodies under the Directive 2014/32/EU and 2004/22/WE.

The database includes the following types of certificates:

- EC-type examination and design examination certificates and their annexes issued by notified bodies as well as additions, amendments and withdrawals relating to certificates already issued;
- quality system approvals issued by notified bodies, as well as information on quality systems refused or withdrawn.

Database of NAWI certificates issued by JN 1440

The database contains only certificates issued by the Central Office of Measures - Notified Body number 1440 under Directive 2014/31/EU - Non-automatic weighing instruments and Directive 2009/23/EC - Non-automatic weighing instruments (NAWI).

The database includes the following types of certificates:

- EU-type examination (EC - Type Approval);

- test certificates.
